Why Me?

By: Greg Ranney, President
Dynamic Success Patterns

“Getting fired is nature’s way of telling you you were in the wrong job in the first place.” What a great quote. It kind of puts things in perspective. It provides some insight into your journey, but no answers.

There is more though. Getting fired provides you with the opportunity and the time for introspection. It gives you the chance to reexamine your life and the choices you have made. It gives you the opportunity and the time to:

Rebalance – priorities

Recall – your purpose

Reconnect – to spirit, source, your calling, loved ones, life

Reenergize – your life, your relationships, your dreams

Rebuild – relationships

Refocus – your dreams, your intentions

Renew – relationships with self, family and friends

Regain – self-confidence, direction, purpose

Don’t waste this gift, and it is a gift. Set your intentions every morning and be clear about them. Write them down and affirm them out loud. Don’t be bashful. Cast off doubt, fear, concern, worry, anxiety. Know that you know. It is easy and powerful. Watch!

I intend to rebalance my priorities to give more time and attention to my health, family,...

I intend to recall and pursue my true purpose, dreaming bigger dreams.

I intend to reconnect with spirit, source, my true calling, loved ones, abundance and life.

I intend to reenergize my life, my relationships, my dreams.

I intend to rebuild relationships I have let slip (networking!?!).

I intend to refocus my dreams and intentions to let the greatness within me out.
I intend to renew my relationship with self, family and friends.
I intend to regain my self-confidence, direction and purpose.

You can always add more – be creative.
I intend to continue to release all negative feelings of doubt, fear, worry, concern
anxiety. They no longer serve me. I no longer need them. I let them go into the
Light. I let them go in peace.

Once again the choice is yours. You can see this as a wonderful opportunity or a
horrible burden. In either case, you will be right.

“Stop the habit of wishful thinking and start the habit of thoughtful wishes.”

- Mary Martin
